BLA TREATIES DATASET OVERVIEW

This document describes the variables in the dataset “BLAs_Treaties_Data.dta.” This dataset includes information on the 582 Bilateral Labor Agreements that we were able to identify as part of this project. This includes information on the parties to the agreement, when the agreement was signed, and the source where we found the agreement. For more information on the project, please first read “BLAs_ReadMe.PDF.”
